

## **2014 Youth Football State Championships**

12U: November 8-9, 2014    10U: November 15-16, 2014

Early Entry Fee: \$375

### **Location:**

Sandusky area

Sandusky H.S., Clyde H.S., Huron H.S., Fremont H.S., Sandusky Perkins H.S., Bellevue H.S.

### **Fields:**

Turf and grass fields are used. All teams will play a minimum of 3 games with at least 1 on turf.

### **Divisions:**

12U: 4 divisions (3 community and 1 All-Star Divisions)

10U: 3 divisions (2 community and 1 All-Star Divisions)

**Community Divisions:** These are teams that are made up of players who all attend the same school system (There could be more than one school name that the kids are from if the school system for example has a separate school for 6th grade and a separate school for 5th grade but all are same school system feeding into same Jr. High or high school moving forward). Teams are listed by the number of boys enrolled in their high school. If there are 32 teams, they are listed in order of highest enrollment to lowest. The 8 teams with the highest enrollment are considered Division 1; next set of 8 teams with highest enrollment is Division 2 and so on.

The Community division could also include teams that play in a league where a draft or lottery is used to divide players among teams. The league teams can join the community divisions as long as they do not have players from other league teams moved on to their regular season team. It must be the same kids that played together all year. If a team in this situation wants to form an all-star team using other league team members they can do so but they would be in the All-Star division

**All Star Division:** Team made up of players who represent multiple schools. These are players that are handpicked, not formed with use of a draft or lottery.
