INTERRUPTION OF PERFORMANCE

- The team will perform the routine again in its entirety, but will be evaluated ONLY from the point where the interruption occurred.

FAULT OF TEAM

- In the event a team's routine is interrupted because of the failure of team's own equipment, the team must either continue the routine or withdraw from competition.
- The competition officials will determine if the team will be allowed to perform at a later time.
- If decided by officials, the team will perform the routine again in its entirety but will be evaluated ONLY from the point of where the interruption occurred.

INJURY

- The only person that may stop a routine for the injury are any of the following:
 - Competition officials OR
 - The coach from the team performing OR
 - The injured individual
- Competition officials will determine if the team will be allowed to perform at a later time. If the competition officials allow a routine to be performed at a later time, the spot in the schedule where re-performance is to take place is at the sole discretion of competition officials. The team must perform the routine again in its entirety but will be evaluated ONLY from the point of where the interruption occurred.

The athlete should not return to activity on a subsequent day until evaluated by and receives written clearance for such participation from a qualified physician (MD or DO specifically trained in concussion management).

GAME DAY

GAME DAY ROUTINES: THIS IS SPECIFICALLY TO SHOWCASE YOUR GAME DAY SPIRIT AND CROWD LEADING SKILLS. THERE ARE NO RUBRICS FOR GAME DAY ROUTINES.

Game Day (Building and Non-Building) will not be combined.

Teams may add up to one (1) mascot in their Game Day Routine. The mascot must enter the floor with the team and should be used to raise crowd energy and participation. The mascot is not allowed to be involved in any stunts/technical skills and/or tumbling and should position themselves away from skills being performed. The mascot will not count towards the total number of participants allowed.

GAME DAY INFORMATION

1. The Game Day Championship showcases what traditional cheerleading is all about- leading the crowd! Teams will be evaluated on their ability to lead the crowd, proper Game Day skill incorporations/ performance, motion/dance, and overall routine.
2. The performance will follow this order: Band Chant, Situational Sideline, Cheer, followed by the Fight Song. Performances may not exceed three (3) minutes.
3. The incorporation of stunts, jumps, and tumbling are only allowed during the Fight Song, Sideline, and Cheer. To receive points in this category, be sure to incorporate a skill in each element.
4. All team breaks, rituals and traditions need to take place prior to entering the mat.
5. The use of crowd leading tools such as signs, poms, flags and/or megaphones is required.
6. Stunts are not allowed as a transition before or between sections. This would include the team's entry to the floor.
7. Fight Song incorporation is limited to three (3) consecutive 8-counts of stunts and/or tumbling. If the Fight Song repeats, the incorporation will only be allowed both times if it is repeated the same both times. Counting will begin with the first initiation of a skill and continue until either the incorporation is complete or the end of the third 8-count.
8. The Band Chant should have an emphasis on crowd appeal and practicality- No stunting or tumbling is permitted, however jumps and kicks are allowed.
9. Teams should take the floor immediately with spirit and enthusiasm, but without excessive gestures. Stunts are not allowed during the team's entry to the floor or any time prior to starting the performance. Example: stunts, running of the flags, chest bumps, hugs, handshakes, etc.
10. There should not be any organized exits or other activities after the official ending of the routine.
11. In between elements, teams must always return to the performance surface.
 1. Teams may kick, jump, or tumble but may NOT stunt between each element (there are four elements: Band Chant/ Sideline/ Cheer/ Fight Song).
 2. However, we do not recommend tumbling before the Band Chant because if the coach starts the music as someone is tumbling, it could count as tumbling during the band chant which is not allowed.
12. Following completion of the Band Chant, teams should show their definitive understanding of an offensive or defensive crowd-leading response. You will be assigned to compete with an offensive or defensive response when entering in the warmup room.
13. Each section will be combined for the final score.
14. Each section should have a beginning and end. Note: Spirited crowd leading interaction between each section is encouraged to continue the Game Day feel. Stunts are not allowed as a tradition before/between sections, this would include the teams entry to the floor and any time prior to starting the performance.
15. Traditional Game Day uniform is required.

GAME DAY SKILL(S) RESTRICTION

- No tosses (basket, sponge, or elevator) are allowed.
- No inversions are allowed.
- No twisting released dismounts are allowed.
- No running tumbling is allowed.
- Single leg stunts are limited to liberties and liberty hitches.
- Standing tumbling is limited to one tumbling skill and a back tuck is the most elite tumbling skill allowed. Examples: Standing full is not allowed. Rippled single back handsprings would be allowed. Jump tumble (single skill) would be allowed.
- Teams should take the floor immediately with spirit and enthusiasm, but without excessive gestures. (Example: running of the flags, chest bumps, intricate handshakes). Stunts are not allowed during the teams entry to the floor or any time prior to starting the performance.
- In between elements, teams must always return to the performance surface. Teams may kick, jump, or tumble but may NOT stunt.
- During the Band Chant, only kicks and jumps are permitted.

For any clarification or interpretation of the above safety guidelines, please email OHSCCA@gmail.com and state that you are attending the OAC 2024 Cheer State Championship.

**ALL TEAMS ARE REQUIRED TO SIGN, DETACH, AND RETURN
